

PROFESSIONAL ATTRIBUTES

I specialise in digital but have a broad range of skills to offer, I often venture into illustration, flash development, animation and even fashion design.

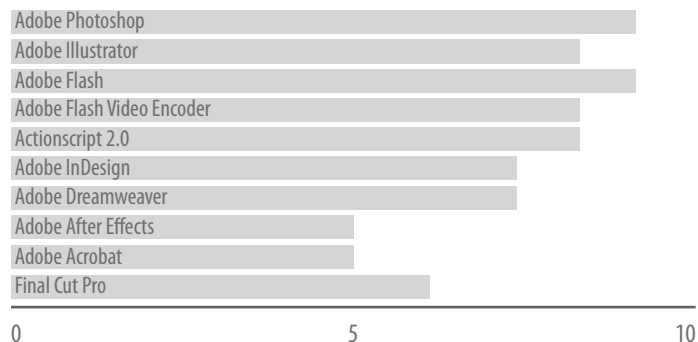

I am passionate about all aspects of my designs with and high attention to detail and am always looking for new methods/technology to improve my skills which in turn help me deliver exceptional work.

Working within the industry has developed my skills in client presentations, project management, junior staff mentorship, the ability to work to tight deadlines and the need to deliver a consistent high level of detail in my work.

I am a quick learner who is well motivated and will work to the best of my ability to deliver great work.

My interest in the digital space also keeps me up to date with current online trends, social networking developments and technologies.
